EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification:

On page 1 insert after the title and before "BACKGROUND OF THE INVENTION", --This application is a 371 of PCT/US03/29458 09/22/2003 which claims benefit of provisional application 60/412,635 09/20/2002.—

Paragraph 16 – line 4, "tube 52" has been replaced with –tube 50--.

In the claims, the following amendments have been made to correct obvious minor informalities:

Claim 1 – last line, "(22,24)" has been replaced with –(30,32)—to correct an obvious defect.

Claim 8 – line 2, "front brace" has been replaced with –a respective one of said front braces—for added clarity. In line 3, "the slot" and "the front bracket" have been replaced with –the respective slot—and –the respective front bracket—respectively for added clarity.

Claim 12 – last line, the second period has been removed to correct an obvious typographical error. In line 2, “a rear leg” has been replaced with –one of said rear legs— for added clarity.

Claim 13 – line 1, “(63)” has been deleted.

2. The following is an examiner's statement of reasons for allowance: none of the cited prior art references were deemed to fairly teach or render obvious the instant claimed combination seat assembly including a seat cushion, cross members, legs, a boss, and a guide tube with guide slot positioned as recited and which provide for automatic and/or lateral movement as recited. The German and French documents (i.e. DE '438 and FR '494) referenced in the parent PCT citation section of the chapter I proceedings have been carefully considered, and the instant claims are deemed allowable over such references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen Gordon whose telephone number is (571) 272-6661. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
